

RAIPUR INSTITUTE OF MEDICAL SCIENCES, RAIPUR, CHHATTISGARH

“Health For All”

At RIMS, we believe that medical education is not merely about acquiring knowledge or obtaining a degree. It is about developing individuals who possess the competence, character and commitment required to shoulder the enormous responsibility entrusted to a doctor. Our endeavour is therefore to create an environment in which students can develop academically, professionally, intellectually and personally with adequate social responsibility in healthcare.

Our vision is to build an institution where **excellence in education, quality patient care, ethical professional practice and service to society** exist together. We are committed to continuously strengthening our academic infrastructure, clinical facilities, teaching methodologies and institutional systems so that our students receive an education that is relevant to the rapidly changing healthcare landscape.

I invite every student joining RIMS to regard these years not simply as a period of academic training, but as an opportunity to discover your potential, develop your values and prepare yourself for a meaningful professional life.

Welcome to RIMS—a place to learn, to grow, to serve and to lead.

Mr. Dalip Kumar

Chairman

Raipur Institute of Medical Sciences, Raipur

Medical education is demanding, and academic excellence is undoubtedly an essential foundation for a successful medical career. However, we believe that a truly accomplished doctor must possess qualities that cannot be acquired from textbooks alone. **Confidence, empathy, communication, leadership, teamwork, creativity, discipline and social responsibility** are equally important in shaping a well-rounded medical professional.

At RIMS, we therefore place strong emphasis on the **holistic development of our students**. Along with academics and clinical training, we encourage students to participate actively in sports, cultural programmes, literary activities, student clubs, social initiatives and other extracurricular pursuits. Such experiences provide students with opportunities to discover their interests, express their creativity, develop leadership abilities and build lasting relationships.

Sports teach discipline, resilience and teamwork. Cultural activities encourage creativity and confidence. Literary activities develop communication and critical thinking. Social initiatives cultivate empathy and a sense of responsibility towards the community. Together, these experiences contribute to the development of individuals who are better prepared not only for professional challenges but also for life beyond the classroom.

We want every student to have the opportunity to **learn, participate, perform, lead and contribute**. Our objective is to provide an environment where students can pursue excellence while maintaining a healthy balance between academic responsibilities and personal development.

We prepare students for the medical profession while striving to help them become confident, compassionate and responsible human beings

Mrs. Neelam Sharma
Vice Chairperson
Raipur Institute of Medical Sciences, Raipur

It is my privilege to welcome you to **Raipur Institute of Medical Sciences**, where our academic philosophy is centred on one fundamental objective—to develop competent, confident, ethical and compassionate medical professionals.

Medical education is undergoing a profound transformation. The modern doctor is expected not only to possess sound medical knowledge, but also to demonstrate clinical reasoning, procedural competence, communication skills, ethical judgement, professionalism and the ability to continuously learn and adapt. At RIMS, our academic ecosystem is designed to address these evolving requirements.

We are committed to **competency-based medical education**, with emphasis on conceptual understanding, integration of knowledge, clinical application and development of practical skills. Our teaching-learning process encompasses lectures, small-group discussions, demonstrations, practical sessions, clinical teaching, case-based learning, skills training and continuous assessment.

An important component of medical education at RIMS is the opportunity to learn in a clinical environment. Interaction with patients and exposure to real clinical situations enable students to understand the practical application of what they learn in classrooms and laboratories. Students are encouraged to develop systematic clinical approaches, sound decision-making abilities and effective communication with patients and their families.

We also emphasize **professionalism, medical ethics, communication and human values** as integral components of medical education. A technically competent doctor must also understand the responsibility that comes with the privilege of caring for human life.

Our faculty members play a central role in this process. Through academic guidance, mentoring, feedback and continuous interaction, we strive to create an environment that encourages students to ask questions, think critically and pursue knowledge beyond the prescribed curriculum.

Research, evidence-based medicine, innovation and lifelong learning are equally important components of our academic vision. We want our students to graduate not merely as examination-ready professionals, but as **thinking doctors capable of learning, adapting and responding responsibly to the healthcare needs of society.**

The journey through medical school is challenging, but it is also transformative. We encourage our students to embrace that challenge with discipline, curiosity and integrity.

At RIMS, our goal is simple: to transform students into doctors who can think clearly, act competently, communicate compassionately and serve responsibly.

Dr. Gambheer Singh

Dean

Raipur Institute of Medical Sciences, Raipur

The healthcare sector is changing at an unprecedented pace. Advances in medical technology, digital healthcare, diagnostics, therapeutics, artificial intelligence and evidence-based practice are transforming the way medicine is taught and delivered. A medical institution of the future must therefore be capable of evolving continuously.

At RIMS, our institutional development is guided by this forward-looking approach. Our objective is to create an ecosystem in which **academic excellence, modern infrastructure, clinical capability, technology and innovation** work together to provide students with a comprehensive medical education. We are continuously focused on strengthening our infrastructure and institutional capabilities to meet the evolving expectations of medical education and healthcare.

At RIMS, we are committed to the philosophy of “**Health for All**” and strive to serve not only the healthcare needs of the people of Chhattisgarh, but also those of the neighbouring states of **Odisha, West Bengal, Maharashtra and Madhya Pradesh**. Our mission is to provide accessible, comprehensive and quality healthcare while simultaneously contributing to the education and training of future healthcare professionals.

Our journey in medical education began in **2016** with a permitted intake of **150 MBBS seats**. We achieved **NMC recognition in 2021**, marking an important milestone in our institutional journey. In the same year, we expanded into postgraduate medical education with the commencement of **MD/MS programmes in various broad-speciality disciplines**. Today, RIMS offers **63 postgraduate seats** across its postgraduate programmes.

Continuing our journey of growth and academic expansion, **2026 marked another significant milestone**, with approval for increasing our MBBS intake from 150 to **250 seats**. This expansion reflects our commitment to strengthening the healthcare workforce and meeting the growing demand for quality medical education and healthcare services in the region.

These milestones represent not merely institutional expansion, but our continuing commitment to building a **comprehensive centre for medical education, advanced healthcare and super-speciality services**. As RIMS moves forward, we remain dedicated to serving the region with excellence, compassion and responsibility, while contributing to the broader vision of **“Health for All.”**

Our commitment is to create a **future-ready medical institution**—one that provides students with the environment, resources and opportunities necessary to develop into capable healthcare professionals.

Dr. K. K. Vadhwa

Executive Director

Raipur Institute of Medical Sciences, Raipur

Every successful institution is ultimately built by its people. At RIMS, we recognize that excellence in medical education and healthcare depends not only on infrastructure, technology and systems, but also on the **people who teach, mentor, care, administer, support and work together every day**.

Our faculty members are central to the educational experience of every student. They serve not only as teachers, but also as mentors, role models and professional guides. Their knowledge, experience and commitment help students navigate the demanding journey of medical education and develop the professional standards expected of a doctor.

At RIMS, we therefore strive to promote a professional environment based on **respect, teamwork, integrity, accountability, continuous learning and mutual support**. We believe that individuals perform at their best when they work in an environment that encourages professional growth, recognizes contribution and provides opportunities to develop their capabilities.

For our students, this culture provides another important lesson: medicine is fundamentally a team profession. The ability to communicate effectively, respect colleagues, work collaboratively and take responsibility is as important as individual knowledge and technical skill.

We recognize that **excellence in healthcare begins with a well-trained, competent and motivated workforce**. We are committed to the continuous professional development of our doctors, nurses and paramedical staff through structured training programmes, skill-development initiatives and regular Continuing Medical Education (CME) and Continuing Professional Development (CPD) activities.

Our staff are regularly trained in key areas of **NABH, NABL, Biomedical Waste Management (BMW), patient safety, infection prevention and control, quality management and other essential healthcare standards and protocols**. These programmes ensure that our team remains updated with evolving best practices, regulatory requirements and quality standards.

We also believe that excellence should be accompanied by **fair recognition and competitive compensation**. RIMS strives to provide attractive, industry-competitive remuneration and professional growth opportunities, enabling us to attract, retain and motivate talented healthcare professionals.

Our focus is to build a workforce that is **skilled, confident, committed and aligned with the highest standards of patient care and institutional excellence**.

Dr. Rajesh B. Ramteke

HR Director

Raipur Institute of Medical Sciences, Raipur

Medicine is ultimately a profession of service to humanity, and the patient remains at the heart of everything we do.

At RIMS, our teaching hospital provides an important clinical environment in which students can gradually translate theoretical knowledge into practical understanding. Medical education becomes truly meaningful when students are able to observe, interact, examine, reason and learn from real clinical situations under appropriate supervision.

Our hospital environment provides students with exposure to the different dimensions of healthcare—from outpatient and inpatient services to emergency care, diagnostic services, critical care, operative procedures and multidisciplinary clinical management. Such exposure helps students understand that every patient presents not merely as a diagnosis, but as an individual with unique medical, psychological, social and emotional needs.

We emphasize **patient-centred care, clinical competence, professionalism, communication and patient safety**. Students are encouraged to develop respectful and empathetic interactions with patients and their families while understanding the ethical and professional responsibilities associated with clinical practice.

The clinical environment also teaches lessons that cannot be completely replicated in a classroom. A patient encounter develops observation and communication skills. A clinical case develops reasoning and decision-making. A procedure develops confidence and technical competence. A difficult clinical situation develops judgement, teamwork and professionalism.

We aim to ensure that students progressively develop these competencies throughout their medical education. Learning takes place through observation, supervised clinical exposure, bedside teaching, case discussions, practical training and interaction with healthcare professionals across different disciplines.

The hospital is not merely a place where medicine is practised—it is one of the most important classrooms in which a doctor is formed.

Dr. Rammanohar Kurrey
Medical Superintendent
Raipur Institute of Medical Sciences, Raipur

INTRODUCTION

Raipur Institute of Medical Sciences (RIMS) stands as one of Chhattisgarh's premier private medical institutions, built on the guiding philosophy of “**Health For All**” — a commitment to accessible, quality healthcare and world-class medical education for the region and beyond.

Establishment & Recognition

- The **attached teaching hospital was established in 2012**, laying the clinical foundation years before the medical college began admitting students.
- RIMS received permission to commence the MBBS programme in 2016 from the MCI/NMC, with an initial intake of 150 seats, marking the institute's entry into medical education.
- The college is affiliated with **Pt. Deen Dayal Upadhyay Memorial Health Sciences and Ayush University, Raipur**, and is approved by the **National Medical Commission (NMC)**.
- RIMS currently intakes **250 MBBS seats annually**, making it one of the larger private medical college intakes in the state.

Postgraduate (PG) Programmes

RIMS has grown beyond undergraduate training into a full-fledged postgraduate teaching institution:

- **63 PG (MD/MS) seats** distributed across major broad specialties such as General Medicine, General Surgery, Obstetrics & Gynaecology, Pediatrics, Orthopaedics, Anaesthesiology, Radiodiagnosis, Pathology, and other clinical and para-clinical departments
- Structured residency training under experienced faculty, with exposure to high patient volumes across OPD, IPD, and emergency services

Super-Speciality Facilities

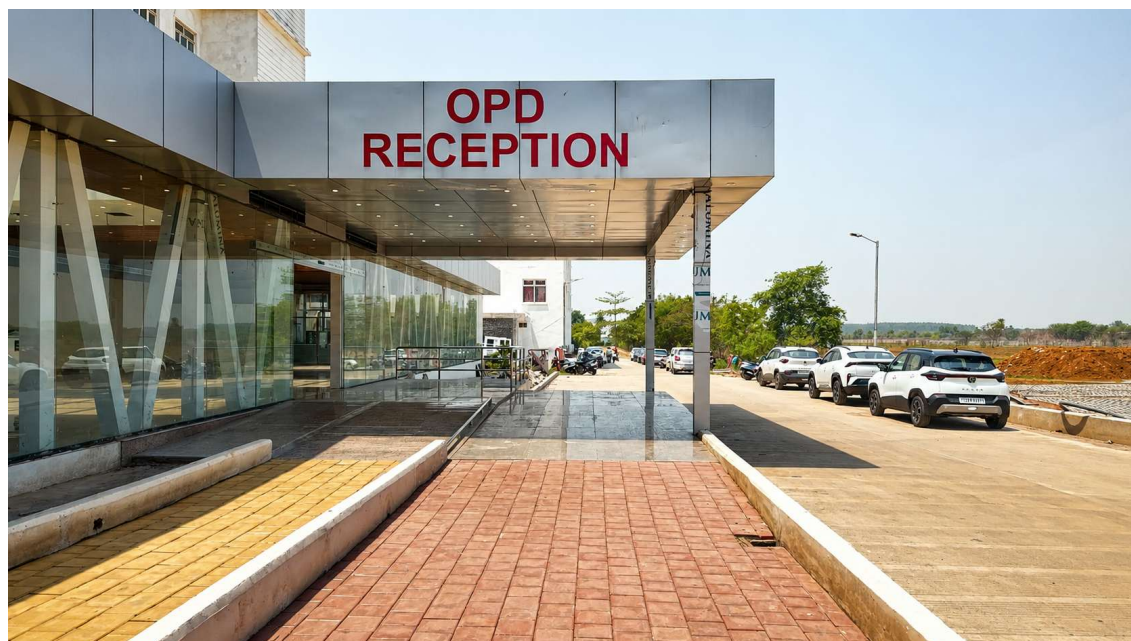

Reflecting its growth into a tertiary-care institution, RIMS also offers **super-speciality facilities (Cardiology, CTVS, Neurology, Neurosurgery, Urology, Plastic Surgery, Medical Gastroenterology, Surgical Gastroenterology)** enabling advanced patient care and specialized clinical training beyond broad specialties — giving MBBS and PG students exposure to higher-order diagnostics and treatment pathways typically found only in larger tertiary hospitals.

We have also received permission from the **Government of Chhattisgarh** to establish **DM/MCh super-speciality programmes in four disciplines**, with **Consent of Affiliation (CoA) from the University**, namely **Cardiology, Cardiothoracic & Vascular Surgery (CTVS), Neurosurgery, Plastic Surgery**.

Campus & Infrastructure

Spread across a sprawling campus, RIMS has been designed to give students an integrated environment for learning, clinical exposure, and residential life:

- **Academic Block** – spacious lecture theatres, smart classrooms with digital/AV teaching aids, and dedicated departments for pre-clinical, para-clinical, and clinical subjects
- **Central Library** – extensive collection of textbooks, journals, and digital/e-library resources with reading halls and a wide range of National & International Journals.
- **Skill & Simulation Labs** – anatomy, physiology, biochemistry, pathology, microbiology, and clinical skills labs equipped with modern instrumentation and simulation-based training tools
- **Attached Teaching Hospital** – a multi-specialty hospital (running since 2012) offering departments such as General Medicine, Surgery, Obstetrics & Gynaecology, Pediatrics, Orthopaedics, Emergency, Dermatology, ENT, Ophthalmology, Psychiatry and more, giving students hands-on clinical exposure from an early stage
- **High-End Medical Facilities** – ICU and critical care units, trauma and emergency care centre, modern operation theatres, diagnostic imaging (X-ray, CT, ultrasound, MRI, Mammography), Cath Lab, Dialysis, in-house pathology and blood bank services, and a 24x7 ambulance service
- **Hostel Facilities** – separate, secure hostels for boys and girls with mess, recreation, and Wi-Fi-enabled residential blocks
- **Sports & Recreation** – indoor and outdoor sports facilities, gymnasium, and spaces for extracurricular and cultural activities. We have the largest Cricket, Football, Volleyball, Handball, Basketball grounds as per international standards.
- **Auditorium & Seminar Halls** – for conferences, CMEs, guest lectures, and student events
- **Transport Facility** – Vehicle services are available for students for travelling to University Examination Centers, Cultural events in other institutes, Medical Camps, RHTC, UHTC, Industrial Visits, Community visits, etc.

AIMS & OBJECTIVES

Objectives of the Institute:

- To develop a pattern of teaching in undergraduate and postgraduate medical education in all its branches so as to demonstrate a high standard of medical education.
- To bring together in one place educational facilities of the highest order for the training of personnel in all important branches of health activity.
- To attain self-sufficiency in Postgraduate Medical Education.

Mission of the Institute:

- Education of diverse health professionals
- Research in biomedical sciences; and
- Patient care at the highest care level

Functions of the Institute:

- Undergraduate and Postgraduate teaching in Medical and related Physical Biological sciences.
- Innovations in Education.
- For producing Medical Professionals for the country.
- Research in Medical and Related sciences.
- Health Care: Preventive, Promote and Cure at Primary, Secondary and Tertiary level.
- Community based Teaching and Research, community outreach programmes.

Details of MBBS Course

Duration:

Bachelor of Medicine and Bachelor of Surgery (MBBS) course at RIMS, Raipur shall be for four & half year and one-year compulsory rotatory internship.

Number of Seats and Reservation:

A total of 250 (Two Hundred and Fifty) seats are available for admission to MBBS Course at RIMS, Raipur.

Reservation policy as per Government of India is applied and the seat matrix for MBBS Course at RIMS, Raipur is as follows:

S. No.	Category	Seats
1	Government Quota	107
2	Management Quota	106
3	NRI Quota	37
Total		250

Reservation (50%) shall be applicable as per the prevailing Government of Chhattisgarh/DME counselling rules and applicable statutory provisions.

Other Backward Classes Non-Creamy Layer (OBC – NCL) – reservation for OBC – NCL shall be according to the rules of the Government of India. Candidates are required to produce the necessary certificate in the prescribed format clearly mentioning that he / she does not belong to the persons / sections (Creamy Layer).

Scheduled Castes (SC) / Scheduled Tribes (ST) – Reservation for SC / ST will be according to the rules of Government of India. Candidates are required to produce the necessary certificate in the prescribed format as per Government guidelines.

Person with Benchmark Disability (PwBD) – Reservation for PwBD will be in accordance with the provisions of the Rights of Persons with Disabilities Act, 2016. Candidates are required to produce the necessary certificate in the prescribed format clearly mentioning that he / she belongs to Persons with Benchmark Disability Category along with percentage of disability. Disability certificate should be issued by a duly constituted and authorized Medical Board of the State or Central Govt. Hospitals / Institutions as mentioned in the Medical Counselling Committee (MCC) Information Bulletin. Specified Disabilities under the Rights of Persons with Disabilities Act, 2016 with respect to admission in MBBS Course.

विषय :- शैक्षणिक सत्र 2026 में चिकित्सा स्नातक (एम.बी.बी.एस) पाठ्यक्रम की महाविद्यालय सम्बद्धता, मान्यता शिक्षण शुल्क एवं सीटों की जानकारी बाबत।

संदर्भ:- आपके पत्र क्रमांक/STU-4701/135/2026-DME, रायपुर, दिनांक 20/07/2026 के संदर्भ में।

महोदय,

उपरोक्त विषयांतर्गत लेख है कि शैक्षणिक सत्र 2026 में हमारे महाविद्यालय में संचालित चिकित्सा स्नातक पाठ्यक्रम (एम.बी.बी.एस) में प्रवेश हेतु आपके द्वारा चाही गई जानकारी निर्धारित प्रारूप में निम्नलिखित है :-

- महाविद्यालय को राष्ट्रीय आयुर्विज्ञान आयोग (एन.एम.सी.), नई दिल्ली द्वारा प्राप्त मान्यता है, छायाप्रति संलग्न है। (Public Notification Dated 14/07/2026)
- पं. दीनदयाल उपाध्याय स्मृति स्वास्थ्य विज्ञान एवं आयुष विश्वविद्यालय, रायपुर द्वारा प्रदाय सम्बद्धता की छायाप्रति संलग्न है।
- महाविद्यालय में संबधित पाठ्यक्रम की शिक्षण शुल्क निजी संस्था हेतु AFRC/DME (क्रमांक: STU-4702/10/2025-MED-120197, नवा रायपुर, अटल नगर, दिनांक 07/08/2026) द्वारा निर्धारित शिक्षण शुल्क की जानकारी निम्नानुसार है:-

महाविद्यालय के संबधित पाठ्यक्रम की शिक्षण शुल्क की जानकारी

क्र.	शुल्क का विवरण	शुल्क राशि	प्राप्ति
1	शिक्षण शुल्क	8,05,000/-	प्रतिवर्ष
2	सुरक्षा निधि	25,000/-	एकमुश्त
कुल राशि		8,30,000/-	
D.D. for Tuition fee & Caution money 8,30,000/- is to be made in favour of Lord Buddha Educational Society payable at Raipur.			

महाविद्यालय के संबधित पाठ्यक्रम की अन्य शुल्क की जानकारी

क्र.	शुल्क का विवरण	शुल्क राशि	प्राप्ति
1	हॉस्टल एवं मेस शुल्क	3,00,000/-	प्रतिवर्ष
2	ट्रांसपोर्ट शैक्षणिक गतिविधि शुल्क	2,60,000/-	प्रतिवर्ष
कुल राशि		5,60,000/-	
a. D.D. for Hostel & Mess fee 3,00,000/- is to be made in favour of Lord Buddha Educational Society payable at Raipur.			
b. D.D. for Transportation fee 2,60,000/- is to be made in favour of Lord Buddha Educational Society payable at Raipur.

Attendance:

Attendance at MBBS Course theory & practical classes is compulsory.

All MBBS students must maintain a minimum of 75 % attendance in theory and 80 % attendance in practical classes in each subject individually.

Students failing to fulfil minimum attendance criteria shall be detained in the subject in which he / she is short of attendance and may not be eligible to appear for the final professional examination only in that subject.

Internal Assessment Marks:

Students must secure 50 % marks (with **not less than 40% separately in theory and practical/ clinical**) of the total marks fixed for internal assessment in a particular subject in order to be eligible to appear in a professional university examination of that subject.

Students failing to secure minimum 50 % marks in Internal assessment shall be detained in the subject in which he / she has secured less than 50 % marks and may not be eligible to appear for the final professional examination only in that subject.

Compulsory Rotatory Internship Training:

After passing the Final MBBS Examination, all students will be required to do Compulsory Internship Training for a period of one calendar year (12 months) in the Hospital and Rural Health Centres of RIMS, Raipur.

During the Internship Period, the Interns are allowed for a total of 15 days leave in full term of one year (As per CRMI 2021).

The degree of MBBS shall be awarded after satisfactory completion of one-year Rotatory Internship Training.

Hostel Facilities:

Furnished hostel rooms will be provided to all the students with adequate perimeter and 24x7 guards for security in the premises.

Beyond Academics:

At RIMS, we believe that true excellence in medical education extends far beyond academic achievement. Our vision is to foster the **holistic development, overall excellence, and well-rounded growth of every student**. While academic learning and professional competence remain our core priorities, we equally recognize the importance of developing confidence, leadership, creativity, teamwork, empathy, discipline, and social responsibility.

Therefore, we actively encourage and provide opportunities for our students to participate in a wide range of **sports, cultural, literary, artistic, extracurricular, and social activities**. These experiences help students discover their talents, build interpersonal skills, develop leadership qualities, maintain physical and mental well-being, and cultivate a sense of teamwork and community.

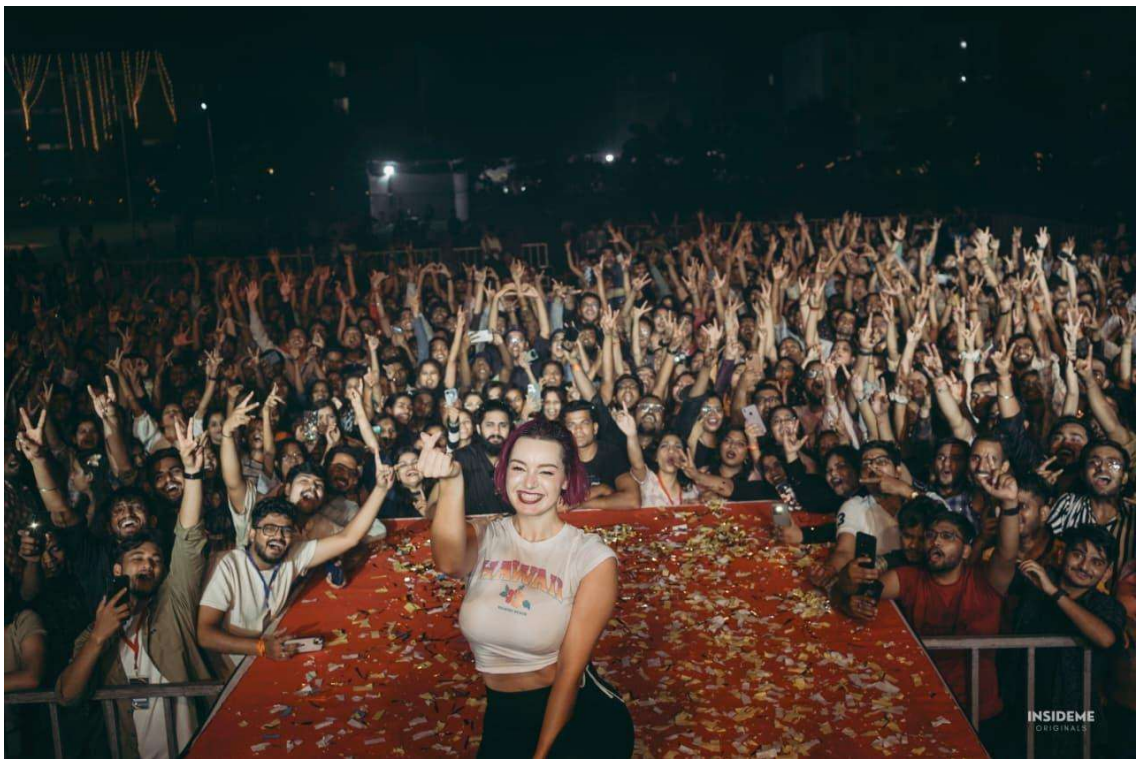

At RIMS, we strive to create an environment where students can **learn, perform, explore, lead, and contribute**—preparing them not merely to become competent doctors, but responsible, compassionate, confident, and socially conscious professionals who can make a meaningful difference in society.
